COMPOSITION WORKSHOP FOR ENGLISH

ENG 097 Composition Workshop for English 1.0 UNIT

This workshop is required of ENG 101 students whose Writing Sample score is less than 7 and who are enrolled in dedicated sections of College Composition I for former ESL students. The course provides guided practice in writing, revising and editing while offering additional instruction in two areas where proficiency is needed for communicative competence, but where non-native speakers? less extensive knowledge puts them at a disadvantage: grammar and culture. Students use a word processor to write and revise paragraphs and short essays.
