ESL Proficiency Certificate (Degree) English As a Second Language (Major) English (Department)

The ESL Proficiency Certificate provides an opportunity for immigrant students to enhance their employment opportunities by certifying that they possess the knowledge of Academic English and the capacity to work with an array of college texts (science, social science, and humanities). By virtue of the program design, the certificate helps students complete a number of general education courses which allow them to continue their education and work toward an Associate degree in Liberal Arts.
